

SA Dog Rescue

In the heart of every stray, lies the single desire to be loved

What is SA Dog Rescue?

SA Dog Rescue is a registered not for profit organization dedicated to helping unwanted or homeless dogs on death row. We rescue dogs from pounds all around Australia. We also take into care dogs that have been surrendered.

Dogs are given temporary foster homes where they are rehabilitated and cared for in a loving environment. Dogs become available for adoption once they are healthy and ready to embrace their second chance at life. De-sexing is arranged in a binding adoption contract and is mandatory. The dogs are micro-chipped, vaccinated, flea and worm treated, ready for their forever home.

How We Operate

Currently SA Dog Rescue has a main shelter facility in the Riverland, and around 30 foster carers throughout SA, caring for dogs in their own home whilst they await adoption.

We hear about deserving souls on death row in pounds and arrange for their transport, foster care, rehabilitation, vet work, and finally a loving home for them. We also take in surrendered dogs who can no longer be cared for by their owner, whatever the reason.

How You Can Help

There are many ways you can help. Donations of dog food, blankets, towels, bedding, toys, bowls, leads, collars or any other dog items are always needed. Monetary donations are very valuable too as they help us pay for necessary transport and vet care.

Consider adopting one of our dogs. You can find a current list of dogs looking for homes on our website. You will be rewarded with a new best friend, and the knowledge you have given them an invaluable second chance.

Foster carers are the backbone of our rescue operation. The more we have, the more we can rescue. If you believe this rewarding role could be for you, then we'd love to hear from you!

Last but not least, word of mouth! By spreading word of SA Dog Rescue, we hope more people will consider us when searching for a new companion.

Please head to our website or contact us for more information, or to let us know how you can help.
